Can you find these clues around the park and historic buildings? Turn in your completed scavenger hunt at the front desk for a prize!

1885 Schoolhouse

How many stars are on the flag in the schoolhouse?

On the back wall, find the map of North America circa 1836. Who owned the land where Arizona is today?

How many lashes could boys get for misbehaving to girls?

On the sign "All Roads Lead to Tubac"

How many days did it take to go from Tubac to Mexico City in the 1700s?

Underground Exhibit

How many glass bottles are on display in the entire exhibit?

Why do you think we can see the foundation of the building, but not the whole building?

What artifacts in the exhibit might have belonged to women or girls?

Museum

What sorts of natural things did the Hohokam People use for tools and jewelry?

What kinds of arts or crafted things do you see in the Apache case?

In the Spanish Period exhibit, read the labels called "Death and Birth." How many babies were born on the way to San Francisco?

The red wall exhibit talks about a problem with a style of hat. In 1918, a law stopped the use of this item to help protect nature. What is it?

Museum (Continued)

What is the date of the first newspaper printed in Arizona?

In the Territorial Period exhibit, look at the picture of the school children. How are the children separated?

Look at the I AM TUBAC exhibit. On the Healer and Entrepreneur label, who was the healer?

Look at the picture on the Telephone Exchange display. Who mainly worked on the telephones?

Heritage Garden

Look at the label on the wall. What do we grow that can also be used to make clothes?

Rojas House

The kitchen of the house was added many years after the bed and living rooms were built. Where do you think they cooked their meals before then?

Otero Hall

What is the wagon called?

What year did Mr. Otero first get the land for the building?

What is the name of the aviator featured in Otero Hall? (Hint: Look near the bathrooms!)

Extra Credit:

One plant in our park is the same species as the oldest organism on earth. What kind of plant is it?
